2011 2012 2013

Investment Approach

100 50 0

- Fundamental long with private and public healthcare investments
- Focus on companies with innovative platforms and drug candidates

2014

2015

- Bottom-up selection of investments with solid long-term growth potential
- HBM takes an active role and assumes entrepreneurial responsibility together with the management team

Reasons to Invest

2017

2016

 Access to a diversified portfolio of private and listed healthcare companies with value increasing potential

2018

 Global orientation with focus on the US, but increasing allocation in emerging markets such as China and India

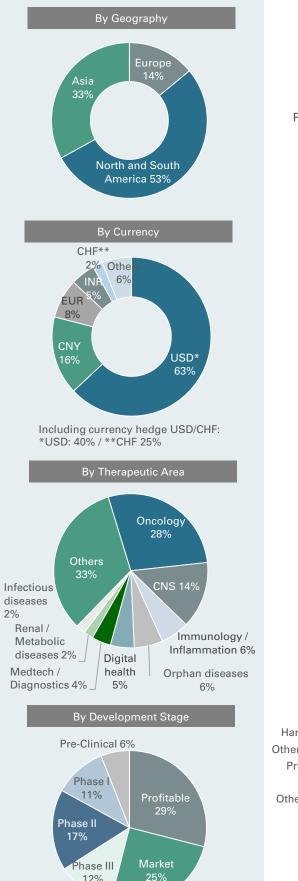

2019

2020

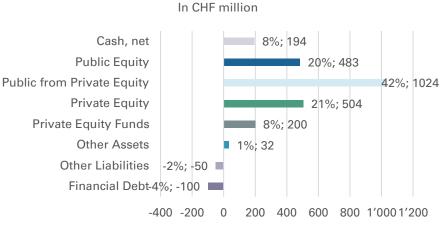

- Closed-end structure allows optimum exploitation of the value-increasing potential of healthcare companies
- Lower correlation to public market portfolios thanks to the substantial private capital allocation

2021
